July 2011

2011 Training Seminar

Gearbox Inspection / Maintenance

Doppelmayr is pleased to have recently hosted a new Gearbox Maintenance & Inspection seminar presented by Artec Machine Systems of North Branford, CT.

Focusing on lift gearboxes and associated equipment, Mr. John Amendola and Mr. Dereck Yatzook (both from Artec) directed the presentation for 31 participants representing 9 resorts Eastern Canada and the Eastern United States! All attendees enjoyed not only the training but also the topic related discussions and practical tips.

Doppelmayr would like to express our gratitude to Artec for their great cooperation and presentation and all the participants for their contributions that made this training seminar possible. With the on-going support from our Customers, Doppelmayr will continue to develop these types of valuable training services!

Please review additional Training Opportunities elsewhere on Doppelmayr's portal home page!
