Ladies and Gentlemen,

RENK AG of Augsburg, Germany has appointed ARTEC MACHINE SYSTEMS of North Branford, Connecticut to represent them for Heavy Duty Gears within USA, Canada and Mexico.

ARTEC has been involved in this Industry for over 40 years providing gears, parts and repair services within North America. Their expertise with both OEMs and Operators gives RENK access to a major market and offers established capabilities for new, replacement gears, upgrades, service and engineering support.

This new relationship represents an additional integration of support for the RENK products into the North American continent marketplace and allows the OEMs and Operators an additional choice with well-established local support and competitive alternatives.

We like to ask you to take advantage of this new support. ARTEC and RENK AG will contact you to arrange a meeting with you in the next future.

Your contact:

ARTEC MACHINE SYSTEMS
